## All Night Search Is Rewarding

### Rescue in Bear Canyon

#### Bloodhounds' First Mission

by Bill Wark  
A 67-year-old hiker lost for 24 hours in the rugged Bear Canyon area was rescued Monday morning after an all night search by members of the Montrose, Aldena, and Sierra Madre Search and Rescue Teams.

### Speak Up Citizens . . .

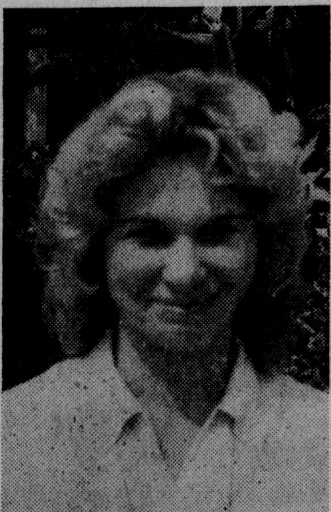

by Jody Beavers  
Question: Do you think we should have a Season's End Award Dinner for our small fry baseball players and managers?

Mrs. Gary Brim  
75 Esperanza  
"Yes, definitely, I have future Little Leaguers, and I think this would create more interest both for the small fry players and the fathers of the boys."

Louis J. Rosen  
255 N. Lima  
"Every school day I help these baseball players across the street. I know just about all of them. They are good youngsters, they play a good fair game. I think they deserve a nice season's end dinner."

Suzanne Sanders  
391 E. Highland  
"Yes, I think the Little Leaguers work hard all season and they deserve some sort of an awards banquet to end their season."

when he started back up the mountain to retrieve a jacket and became lost and wandered off into Bear Creek Canyon. The eastern boundary of the Devil's Bear Canyon Wild Area is an extremely rough and dangerous area.

When he failed to return at dark, Mrs. Peyer called the Montrose Rescue Team who called the Sierra Madre Team urgently requesting aid of the bloodhounds. Chief tracker, "Tuffy," was ill so two of his offspring, Hezekiah and Henrietta, were suddenly launched on their first rescue mission. They did very well as they led searchers down into Bear Creek Canyon, a four thousand foot drop from where the man was last seen, but they were stopped by a hundred foot waterfall. All night the searchers combed the hillside in an effort to locate the missing man. At dawn two Sheriff's helicopters were brought in and started dropping the weary Sierra Madreans in different points along the canyon. It was on the way up that Fred La Lone and Jim Ware glimpsed the man weaving in and out of the trees. After landing, La Lone and Ware ran down the canyon to Peyer, and helped him back to the landing spot. He was flown to the base camp at Buckhorn Flats and to a happy reunion with his wife and a daughter who wept with joy at the sight of her mountain-climbing father.

LEFT TO RIGHT are Nancy Carpenter, Anne Kennedy, Sandy James, Cheryl Osti and Darlene Colbert with their baskets of Buddy Poppies. They will help the members of the V.F.W. Ladies Auxiliary of the Harry L. Embree Post No. 3208 sell Buddy Poppies in Sierra Madre on Friday and Saturday, May 24 and 25. The little girls are daughters of V.F.W. Post and Auxiliary members.

## Rear Parking Blocked

### Notification To All Concerned Would Have Been 'Good Neighbor Policy'

by R. Robert Evans  
Where was the Sierra Madre Chamber of Commerce, and probably the City Administration when the decision of the First Western Bank was made to fence off their lot, block our rear parking for some ten merchants located on Sierra Madre Boulevard and to the east of the bank location?

True, in every respect this is bank property, and they should have, and do have the legal right to close same without notification to anyone, but is it not one of the duties of a bank to promote

### Street Naming Back To Council

### Commission Clears Three Of Six Items; More Study

The regular meeting of the Sierra Madre Planning Commission met Thursday, May 16 with Commissioner Beaumont presiding. All commissioners were present with the exception of Commissioner Petz.

The minutes of the last meeting were read and approved. Public hearing was held on Sections 9422 and 9526 which deals with front yard adjustments. It was discovered that both ordinances were being used to determine front yard setbacks and conflicting with one another. The commissioners being greatly concerned with the future looks and planning of our city, came to the conclusion that this was too important to act on without further study so it was moved that the City Administrator put together some ideas and present them to the commission to be heard at the next regular meeting.

Under old business the Trombley lot split which has been delayed because it came under the Hillside Ordinance, was once again delayed. The City Attorney presented several alternatives which were refused, the applicant can now apply for a variance for zone change to be considered at the next regular meeting.

Street names and house numbering, again under old business, was referred to the City Council, as the Planning Commission does not feel that this particular item

comes under the realm of the commission. Lots consolidation were granted to E. R. Thompson at 99 North Hermosa and also Cook's subdivision at 87 to 101 Auburn.

It was of general opinion that a few items concerning the Master Plan should be discussed and defined, one was Light Manufacturing, the Commissioners felt that it should be decided what is considered light manufacturing. It was moved that sample ordinance be picked up from neighboring areas so as to define this for future plans.

Other items of the Master Plan was to consider C-1 potential area, discuss use of precise plans and boundaries on the Master Plan. It was pointed out again that the Master Plan is merely a guide for better City Planning and was subject to change if found necessary or feasible.

The last item on the agenda was the consideration of new apartments behind existing R-1 houses, a public hearing was set for this at the next regular meeting when the City At-

only off of Baldwin Avenue at the Post Office.

Personally we do not believe the rumors of "spite" are fully justified. True, the merchants and people have taken this entrance for "granted" for these many years without protecting themselves against a possible closure. It seems to us that a "good neighbor policy" would have been for a moratorium on the closure for several weeks, with notification to the merchants, people and City Council.

The only entrance now available to the rear of these stores is over a very narrow, bumpy, rocky road. A moratorium would have allowed the City to put this road into condition for safe travel, would have allowed

the merchants to notify their customers of the new procedure. We seriously doubt, in the present condition, that some trucks can use this road for deliveries, thus causing an additional hazard on Sierra Madre Boulevard.

Pressure was brought on the Gas Company to leave their office in Sierra Madre, by the same token pressure should have been brought in behalf of these "ten little merchants," who may have taken too much for granted, but are now caught in a trap.

We are not taking up a personal battle for anyone but tend to be of the best service possible to those we serve, in fighting for their interests as a whole.

Received information here this past week that even the websters of Oregon and Washington are longing for the sunshine of Southern California.

Having lived in that area for some sixteen years, I know exactly how they must feel. I remember well one period of time when it rained for 120 days, with absolutely no sunshine. Where the water all goes is a complete mystery to me, although the ground seems like a sponge. The rain can stop for a week and everything dries out completely. The same thing can happen to a woman's face, she needs to use all those little things that nature requires.

—CT—

Thing brings us around to the story of the week . . . California's Attorney General is seeking court action against 23 cosmetic manufacturers accused of using jars with false bottoms. A greater crime is that of using the jars to create false faces.

—CT—

Here's a date that you should put down on your calendar . . . Saturday, June 1st. That's the great day for the Kiwanians' Breakfast, and according to all reports, this year will be bigger than ever . . . more food, more prizes and more fun. Make arrangements now for the whole family by buying your tickets, which are now on sale.

—CT—

A woman whose doctor had prescribed one of the new tranquilizing drugs for her was telling a man about it at a recent party.

"I take one pill a day, she said. "It soothes me, chases all the jitters away, improves my appetite and makes me really feel like living again."

—CT—

The man shook his head in wonderment, then turned to the other guests and shouted: "Hey, gang, guess what they have on the market now: Instant Martinis."

—CT—

Speaking of "Instant" reminds me of a story that Jody Beavers was telling me the other day about her two girls, Bonnie and Suzie. Seems that the two little girls came home the other day carrying a box of dirt. Their mother saw that they handled the box so that it contained some treasure.

—CT—

"What's so special about the stuff you've got in that box?" asked Jody.

"Why, it's our new invention, mother," Suzie remarked. "It's instant mud-pie mix." And honestly, in my opinion that is the way some of this "instant stuff" gets in boxes and on the grocer's shelves.

—CT—

Of course you can get a lot of humor out of good employees. Just like last Friday when I was handing out the pay envelopes and, by error, Martha Sharp, she is our Society Editor, found that her envelope contained a blank check.

—CT—

Martha looked at it very astonished and then moanings, at EL 5-2534.

# Weekly Shades Of Hastings

We sometimes wonder what happened to old-fashioned, every day courtesy. A smile and a few minutes of directed attention costs so little time, but is rewarded with such a lot of respect. Have you ever found yourself talking to someone's back. We'd like to start a campaign for the return of the considerate listener and the thoughtful conversationalist!

Keep smiling — it makes everyone wonder what you've been up to! How about that??!! (Kopy Kats ... C.T.).

**The Circus**  
Mr. Chang Reynolds, supervisor of Audio-Visual Service for the Pasadena Schools, spoke recently to the children of Don Benito. His topic, "Clowns and Elephants on an Artist's Brush," described his experiences while actually working under the "Big Top." The Community Resource Committee of the Don Benito PTA presented this program. Mr. Reynolds, a circus buff, showed water color sketches of circus life, and did charcoal drawings of the animals and clowns he is so familiar with.

**Birthday Girl**  
Following the fascinating presentation by Mr. Reynolds, a party, honoring Stephanie Korngiebel, daughter of Mr. and Mrs. Albert Korngiebel, on her seventh birthday, went to Hamilton Park for a few games. They were surprised by the appearance of a clown with gifts for the guests. The girls received necklaces and the boys were the happy recipients of kites. Back they went to the Korngiebel home for hot dogs and the opening of gifts, amid the singing of "Happy Birthday to Stephanie." Those enjoying the day were Carol Ann Hellmers, Linda Cagle, Randy Roberts, David Cox, Lori Cross, Chip Bondurant, Lauri Dillon, Terry Heimbruch, Elaine Bessie, Patty Honaker, Kathy Hughes, Dian Jenkins, Susie Lalor, and Cindy Korngiebel, Stephanie's older sister.

**Annual Bridge Luncheon**  
The recent bridge luncheon sponsored by Las Sequitas was a huge success as always. Tables were organized in the homes of Chris Templar on Tropical Avenue and Mary Lou Lieber on Greenhill. In addition to the hostesses, the committee included Vickie Richter, Marge Thomas, Dorothy Moe, Marge Rowley, Cretora Wenberg, Hazel Gittinger, Betty Barr, Ethel Asher, Maggie Tompkins, Marilyn Pursely, Bonnie Murphy, Gerry Alsop, Eileen Fakas, Barbara Clark, and Robbie Pruitt. The first door prize, a hand-knit sweater, was won by Pat Livingston. Seen about the bridge tables were June Hunt, Jo Caffee, Nancy Pleas, Betty Stearns, Dixie DuBois, Gail Clement, Kay Pulsifer, Patty Wright, Hazel Rossander, Helen Dyer, Jo Anna Wells, Bette Partch, Eleanor Foster, Belle Partch, Penny Sandro, Camella Halstead, Glenna Queen, Julie Bremer, Joanne Bevan, and Bertha Watts.

**Future Plans**  
Las Sequitas plans for a busy summer include the making of decorations for the September Affair dance which will take place on Saturday, September 21, at the Stuart Building. This affair, sponsored by the Hastings Ranch Guild for Cystic Fibrosis, is always one of the high lights of the fall season.

Luncheon at the Annandale Country Club, May 23, will be the occasion for active and associate members to hear Dr. Royce and Dr. Assay speak, and to meet the new Provisional members who include Sally Bennett, Audrey Devine, Isabelle Melberg, and Pat Oxenbaugh.

Charlene Holloway's home on Gollira Road in Arcadia is the spot chosen for the Guild's May meeting. A pot luck supper with an international flair is planned. Installation of officers will take place at this time. The new officers are president,

Marguerite Hennacy; first vice president (Bargain Cottage) Penny Carley; second vice president (benefits) June Hunt; third vice president (membership) Lois Harrison; recording secretary, Penny Sandro; corresponding secretary, Jean Copley; treasurer, Marge Mannshrek; party chairman, Nancy Pleas; placement chairman, Nancy Eschenshade; program chairman, Nancy Rode; publicity chairman, Connie Peterson, and historian, Kay Pulsifer. The couple's bridge tournament chairman will be Nancy Goodlad, and the women's bridge tournament chairmen will be Charlene Holloway. Past presidents, Betty Stearns and Patty Wright, will act as advisors for the coming year.

**Clipper Club Special**  
Clipper Club, a young couples group at Trinity Presbyterian Church, has "adopted" a Navajo Indian child in Arizona. Louise James was born into adject poverty on Feb. 6, 1947. For though her father struggles to make a living, he is only an unskilled laborer and can't find regular work. As a result, the pittance he earns will barely provide food enough to starve off hunger for his eight children, with nothing for other necessities. At last their plight grew so critical that if Louise was to remain in school, assistance just had to be found for her school expenses. Through the Christian Children's Fund, Inc., Clipper Club is now providing these extra necessities that will enable Louise, who is currently in the ninth grade, to continue with her education.

The funds to provide for Louise's monthly support are raised through membership dues, an annual Playhouse Theatre Party, and the Trinity Fall Festival. Don and Jeanne Davis, Cargo Officers, made the necessary arrangements for the "adoption."

This couples group usually meets on the third Friday of each month in Fellowship Hall for a pot luck supper and program. Hugh and Pat Livingston are president; Wayne and Laura Brannon are in charge of the programs; Bob and Margie Campbell are recruiting officers; Jim and Freda May are secretary and Arden and Ann Albee serve as treasurer.

**Las Jardineras Meets**  
Las Jardineras, Lower Hastings Ranch Home and Garden Club, will meet at the attractive Shadow Grove home of Mrs. Richard (Virginia) Hubbell. Dessert will be served at 12:30 p.m. on May 28, Tuesday. Assisting Mrs. Hubbell as co-hostesses are Mrs. Charles Koch and Mrs. Marvin Loomis. Mrs. Robert Keilholtz, vice president and program chairman for the group, will introduce the speaker, Mr. Bert Slater. He is well known in Southern California as a horticultural consultant. He is past-president of the American Begonia Society and is currently serving as National Show chairman for the society.

**Trip and Travel**  
May 31st is the departure date for a European tour by Ann McKnight, her sister, Pat Zirkle, and their mother, Mrs. Marie Wing. This trip is a special treat for her daughters and herself from Mrs. Wing. According to Ann, "All we have to pay for is our drinks!"

While in France, these travelers plan to visit Nancy Lenney and her children. Nancy has been living in Paris since last fall, and the children are attending a French school, while husband George is keeping the home fires burning.

**Bon Voyage Party**  
Luncheon was served on the terrace of the Don Kenomuth's La Canada home. Fran Kenomuth and Sally Boyce co-hosted a bon voyage party with a European flavor. The centerpieces on the three tables featured a representative motif from: Spain, a brown bull with a red cape impaled on its horns; France, a beautiful three-foot high Eiffel Tower; and Italy, a

graceful wine bottle entwined with gold grapes. Well-wishers were Barbara Fasching, June Ziegler, Betty Ogle, Patty Jenkins, Lynn Stansbury, Evelyn Klotts, Celesta Goeline, Joyce Up-hoff, Rachel Pastra, Mary Jane Harris, Clara Spring, Lucille Calahan, Velma McKnight, Penny Carley, Ann Blakely, and Ann's mother, Marie Wing.

**Airman On Leave**  
Airman John R. Sandro, who has been stationed at

Naval Air Station in Memphis, Tenn., is enjoying a three weeks leave. His parents, Mr. and Mrs. Dale Sandro, are happy to report that his next tour of duty will be at the Naval Air Station, North Island, in San Diego.

**Investment Club Installs**  
The Gilt Edged Investment Club recently held installation of officers for the coming year. They are: president, Charlene Holloway; vice president, Grace Hagerman; secretary, Penny

Sandro, and treasurer, Lois Scandelle. The other members of this wealthy (?) group are Luella Dandridge, Jane Grant, Marty Newton, Janet Olson, Josephine Peters, Nita Sweek, Nina Tower, and Jean Wilks. The GEIC meets monthly for a pot luck luncheon, followed by a business meeting and a speaker.

Thought for no particular reason: We all make mistakes. The trick is to keep

**Concert Artists Spring Series**  
The spring series of California Concert Artists opens Sunday, May 26, 3:30 p.m., 1401 S. Oak Knoll, Pasadena. Gloria Bolivar, outstanding young pianist, and Charles Randolph Copperfield, guitarist of note, will be featured.  
Her program will include music by Scarlatti, Bach, them as far apart as possible. It is better to understand a little than to misunderstand a lot . . . .  
And in conclusion — A truth that's told with bad intent beats all the lies you can invent.

## The PLAZA Shop Talk

By Sewall Clark

HAVE YOU ever heard of a marriage in which the husband stays home, cleans and cooks, while the wife is "at the office?"

I once read about something like that in a magazine and I felt sorry for them. Poor guy. Poor gal. Poor everybody.

THEN, years later as a journalist, wandering like a gypsy, I read teletype about two married people living like that. Biggest shock; they were friends of mine who had long ago disappeared.

The poor guy had been selling short stories and one had just sold at \$50,000. I said, fifty thousand dollars. For movie rights, of course.

THE WIFE? She was on verge of a nervous breakdown, worrying about flowers to plant around their new home; a dreamy dream house.

When I visited them, she was dabbed with paint and mud and sweat. She wanted the decor to match the view.

THEY HAD mountains at the north and a collection of ocean sunsets at the south; a real problem.

Arguments about flowers and furniture had brought them almost to divorce. Until finally, out of sheer exhaustion and good sense, they decided just to relax and enjoy their luxury — even without carpets.

TRUDIE and I enjoy reports like this because they are real, and, being real, they are honest. To call yourself "honest" is one thing, but to BE IT is something else again.

That's why the dresses and the sweaters and the sportswear Trudie sells at the Plaza Shop MUST speak for themselves. She even sells half-sizes and negligee too sheer to handle for very long; that's why the bargain prices.

HOW can such a tiny shop pack in all these garments? Don't ask me —

## BUSTER BROWN.

How long since you checked your child's shoe size?

Continual attention to fit is vital because poorly fitted shoes can be pressing the feet out of shape—without a murmur of complaint from the child. Children under 6 years of age outgrow their shoes in 4 to 8 weeks; between ages 6 and 12, in 8 to 16 weeks; between ages 12 and 15, youngsters need larger sizes every 4 months.

When you bring your children in to us, we'll tell you if their shoes fit as they should. If not, we'll show you why.

We will check their shoe sizes with the famous 6-Point Fitting Plan which measures both feet at all key points and allows just the right amount of growing room. Proper fit is assured because Buster Brown Shoes are made over "Live-Foot" lasts pretested by active youngsters like yours.

### Congregational Church To Hear Dr. J. J. Keiser

Dr. Julian J. Keiser, minister of Christian Social Action and Inner-City Work for the Southern California and Southwest Conference of the United States of Christ will preach at the local Congregational Church this Sunday.

Dr. Keiser will preach on the theme "Feeding Sheep in Cement Pastures." His department of the Conference is proposing an imaginative program to meet the missionary needs of the inner city areas of Southern California. A "Parish Peace Corps" of young people to work in inner city churches, a "port of entry" ministry to the hundreds of newcomers to the inner city each month, and a special project in the Bakersfield area are among the proposals of this new program.

Dr. Keiser will preach at both the 9:30 and 11 o'clock services, with a coffee-hour discussion to follow the second service.

The annual Pioneer Girls Mother Daughter Banquet was held at the church on Tuesday evening with a large number of girls and mothers present. Awards were given at this time by the various guides of the age groups. The affair was sponsored by the Pioneer Girl committee, chaired by Mrs. Lester Packard.

Following the services, there will be a reception for the Bishop and the Confirmation candidates at the Parish House. The reception is being planned and executed by the Evening Guild of the Women of the Church.

The bi-annual ingathering of the United Thank Offering of the Women of the Church is planned for Sunday, May 26. The thanksgiving offerings of the women may be placed in the alms basin at any of the masses; envelopes should be plainly marked "United Thank Offering."

The proceeds of this special offering go towards furthering the work of many missions and church facilities.

The "Garden Shop," sponsored by the Women of the Church, will be open following all Masses on Sunday, May 26. Anyone wishing to donate plants, or to place an order, should contact either Mrs. Theodore Stack, EL 5-9505 or Mrs. James Newman, HI 7-5835.

The combined Junior and Senior Episcopal Young Churchmen, under the leadership of the Rev. James H. Miller, will meet at the church Saturday, May 25, at 8:30 a.m. to board the bus taking them to the beach for their annual party. The group will return at 5:30 p.m.

Memorial Day, Thursday, May 30, will be a holiday for students of Ascension Parish Day School, as announced by Sister Noel, C.S.M., principal. Classes will resume the following day at 8:50 a.m.

The annual Retreat for Men of Ascension Parish will be held May 31 to June 2 at Mt. Calvary Monastery, Santa Barbara, under the direction of the Order of the Holy Cross, a monastic community for men in the Episcopal Church.

### Bethany Church Notes

Four young people from Castro's Cuba gave testimonies of the grace of God at the mid-week service at Bethany Church of Sierra Madre last Wednesday, May 22. Their thrilling story is one to be remembered and all are urged to hear this group of Christians who have been delivered from the fate of their fellow Cubans. Churches which have invited them to speak all report wonderful blessing and support as a result of their appearance. The group is being sponsored by the United World Mission and escorted by Norma Stoffli.

Dr. Robert N. Schaper, pastor of Bethany Church announces that his sermon topic for this coming Sunday, May 26, is "The Wall of Shame" taken from the second half of the second chapter of Ephesians. This is the fourth in a series of messages on this great epistle of Paul the Apostle. He will also preach on Sunday evening, at 7 p.m. The morning worship service is at 11 a.m.

The annual Pioneer Girls Mother Daughter Banquet was held at the church on Tuesday evening with a large number of girls and mothers present. Awards were given at this time by the various guides of the age groups. The affair was sponsored by the Pioneer Girl committee, chaired by Mrs. Lester Packard.

### Little Gallery Has Selection Of Paintings

Once again the Little Gallery at City Hall houses a selection of oil paintings and watercolors, pastels and drawings by Sierra Madre artists, offered for the interest and pleasure of city residents and the general public.

One wall has been lost to art for the time being, by the claims for space by the Declaration of Independence, the Constitution of the United States and the Bill of Rights, reproductions of which now hang behind the City Council's platform.

### Nancy Pinney Attended Seminar

Nancy Pinney, eldest daughter of Mr. Ralph Pinney, teacher of the fifth grade at Sierra Mesa and a senior at Arcadia High School, was one of 28 students in the nation to attend the High School Seminar for Peace sponsored by the American Friends Service Committee of Philadelphia.

The young people lived from May 1 until May 5 at the AFSC Projects House in a section of New York where Spanish is the common language, and had interviews at the United Nations Headquarters. They were in Washington, D.C., until May

8, where their assignment was to visit Congressmen and attend congressional sessions. Nancy spent four days with relatives in Worcester, Mass. before her return. She served as a hostess at the new headquarters of the AFSC in Pasadena during the past week-end.

Recently, Nancy was the recipient of a scholarship for her education as a nurse from the Arcadia Methodist Hospital Auxiliary.

### CARROT TOP

ed: "Just what I thought would happen. My deductions have at last caught up with my salary." And believe it or not, with this being deducted and that being deducted, and nothing being added, this could easily become a fact.

All kidding aside though, this weather we have been having in Sierra Madre sure gives one the old "get-up and go" feeling. "Get-up" early in the morning and shut the windows and "go" back to bed, until the sun comes up.

—CT—  
To us it is wonderful to have a full change of seasons. In the Imperial Valley one never knows when winter ends and spring arrives. All you know is that decent living is over and the temperature is now 120 degrees and you must endure this for the next five months... after that, you don't seem to care. We are indeed thankful that we live in Los Angeles County, and doubly thankful that it is Sierra Madre.

Many times we are slightly criticized over "blood and thunder" stories such as killings, suicide, wife beatings, drunken driving and police blotter items. Several months ago we told you that some news items would be suppressed in your newspaper. These are the occasions that we were referring to.

—CT—  
It is our feeling that there are too many people who have a tendency to be hurt by printing of these stories, and by so doing we could not help the situation in any respect.

—CT—  
The Sierra Madre News is dedicated in building our community, and more especially our juveniles. Sordid stories we leave to our sister daily to exploit. It is our purpose in life to get behind our people and push them up the ladder, never knowingly do we kick them in the face or attempt to shove him down.

Now to get away from the serious side of life for a little nonsense. Recently a man walked into the Headliner and sat down, unwrapped a package of sandwiches and poured himself a glass of water from the carafe.

The head waitress was about to remonstrate with him. "Who are you?" asked the man, "I am the head waitress," came the reply. "Just the one I wanted to see. Why isn't the orchestra playing?"

—CT—  
We will leave you for this week with the following thought: "Keep smiling; it makes everyone wonder what you've been up to." See your around, I hope, I hope, I hope.

### Historical Society Annual Dinner Monday, May 27

The annual Historical Society dinner will be Monday, May 27 at 6:30 at the Woman's Club House, 270 W. Sierra Madre Blvd.

The Sierra Madre Historical Society is not just for "old timers" but for "recent comers" as well. History is being made in our community today. Those who are here now will some day be part of Sierra Madre's history.

The organization was founded in 1931 at the time of the celebration of the fiftieth anniversary of the founding of the city. It has had meetings each year with outstanding speakers and programs. The society was instrumental in placing the marker on East Mira Monte indicating the foot of the Mt. Wilson trail. Up this trail many thousands hiked before roads were available. The Historical Society published the "Annals of Early Sierra Madre" in 1950. This records the memories of early settlers from 1880, when there were only 18 families in the area. Recently the Society sponsored a tour of early homes and gardens of the city.

The Historical Society has additional material for a later history. If you have diaries, papers, letters, or photographs of your family, will you contribute them to the coming volume? If you are interested in writing about your family for Sierra Madre's recent history, help the committee by adding to their files.

The committee in charge of this year's dinner meeting is Miss Clara Sykes, Mrs. Helen Hill, arrangements; Mrs. Converse Twycross, decorations; Mrs. Randolph Wood and Mr. Raymond D. Andrews, hospitality. For reservations phone EL 5-9588 or EL 5-9891.

### SPORTS AS Hank Ives SEES IT

Editor's Note: In keeping with our ever expanding policies the Sierra Madre News has added a weekly sports column, written by Hank Ives. Mr. Ives attended the Journalism school at USC and has been writing sports in this area for a number of years. He is in private business in Pasadena, also writes a sports column for the Altadena-Pasadenan, and now resides in Sierra Madre with his wife and four children.

**Breakfast of Champions**  
Quotable quote from number two daughter: "Daddy, did you ever have your picture on the back of a cereal box?"

Well, what are you going to do when your greatest claim to diamond fame was getting two hits in one game (both swinging bunts) in night owl action at Brookside Park?

FORTUNATELY there is a fictional character lurking in the background, peering over the shoulder etc. who does all the predicting for this corner. Old Hankus MacBagpipe he is known as. Check these crazy preseason prognostications on the major league baseball races.

**AMERICAN LEAGUE**  
1. Los Angeles, 2. Detroit, 3. Baltimore, 4. New York, 5. Minnesota, 6. Boston, 7. Chicago, 8. Cleveland, 9. Kansas City, 10. Washington.

**NATIONAL LEAGUE**  
1. Cincinnati, 2. San Francisco, 3. Los Angeles, 4. St. Louis, 5. Pittsburgh, 6. Philadelphia, 7. Milwaukee, 8. Chicago, 9. Houston, 10. New York.

Now I ask you, how can anyone in his right mind tab the Angels for first place in the A.L. and drop the Yankees clear down to the fourth spot? And the Reds are currently scrambling for last place in the N.L.

JUST A WORD OF CAUTION... the ancient one has been known to come up with some dandy upsets in the prognostication line. Several years ago he correctly tabbed Washington's Huskies to knock off Minnesota's big bad Golden Gophers in the Rose Bowl Game. He hit the score, 17-7 right on the noggin. Only one other scribe in the USA could make the same claim.

**SIDE NOTE TO SIERRA MADREANS...** This corner will welcome any comments, criticisms, information about the communities former and present athletes, or just plain "voice of the fan" stuff, as long as the subject is on sports and would be of interest to the local citizenry.

GERALD SEITZ of our town has been elected to the board of directors of the Pasadena City College Lancer Club. Altadena's Howard Collister will act as proxy of

the organization that primarily supports the PCC athletic program.

HAVE YOU EVER NOTICED how the "house that O'Malley Built" changes names every so often? When the Dodgers come to town it is Dodger Stadium. When the Angels return home it becomes Chavez Ravine. Since both teams are leading their respective leagues in attendance, apparently southland fandom couldn't care less.

MIKE GOOF... The voice of the Minnesota Vikings professional grid team, Bob Casey came up with a dandy one day. "The Giants were penalized for having an illegitimate man on the field," announced Casey.

# Letters To The News Editor ...

Dear Sir:  
My first reaction to Helen Preston's letter and comments about the Sierra Madre News was, "Move over, Helen, and I hope that bench is a long one." My first reaction to the editor's note was, "What a petty guy, carrying on about the fact she doesn't subscribe to his paper."

JIFFY STYLE—Here's a short-sleeved shift that can be made in a hurry. Bold printed cotton suits the easy lines of the dress, which has a string tie. Simplicity Pattern #838 also includes a clutch bag. Both material and pattern available at —

Garland's  
In Sierra Madre

Then I thought about the whole thing a little longer. And my attitude changed altogether. The editor may seem to have one-way slanted columns, but he doesn't seem to be afraid to present the dissenting voice. He prints many letters that a small and frightened mind would not print. He welcomes controversy when it is offered. He probably recognizes that a democracy can exist only with two sides of a matter being represented—say, the outspoken and liberal thought against the cautious and conservative thought. They serve as checks and balances upon one another; they keep things from going overboard either way—too far out or too far in. Maybe, I thought, he just doesn't have anyone who cares enough to give time and effort to presenting a weekly column on the other side of our two-sided fence.

The paper may seem full of announcements and ads, but after all, it is Sierra Madre's paper. It should be about Sierra Madre and of interest to Sierra Madreans. For a larger news there are less personal papers available. I think the longer Helen Preston lives here, the more she will understand this.

I have been here just a little over a year now and it took me about eight months to discover there was interest for me in the paper's little notes. There is one particularly real and outstanding advantage to following the ads and shopping locally instead of running out of town to super-

markets and super department stores. The advantage is the warm human relationships, the personal touch, the friendly caring that I find in the stores and shops here and not in bigger places. There I am a cog in a mechanized world. Here I am made to feel human again. In our age of frightening dehumanization, that gives meaning back to life. At least, it helps.

Sincerely,  
TRUDY LEVY.  
Editor's Note: In all of my 28 years of publishing a newspaper, here at last is a letter that hits the bulls-eye... I ask each of you readers to reread and digest its contents, every word is true, exact and well put... Truthfully, I was not petty about Helen not being a subscriber... it has been for years, and will continue to be so for the number of years that I have left, that a person, to criticize, should be a part of that which he criticizes... in other words, when a Pasadena criticizes our town, we all rise up, they are no part of us... when a Russian criticizes our method of operation... we condemn him to get his own house in order before he starts planning our affairs. A non-taxpayer should not criticize the tax levy, or the method by which the administrators spend that money... if you are a subscriber to the paper, you have the right to criticize its contents... otherwise you are considered an outsider. Thank you, Trudy, that two-sided fence is not quite so tall.

Dear Sir:  
In the last two issues of your paper we have had, on the front page, a question asked of citizens: Who would you suggest to raise and lower our flag in Kersting Court, so as to have it done properly? Perhaps I have overlooked an accompanying explanation of why

this question is being asked and repeatedly of the same persons, but I have not failed to wonder why. I ask myself: (1) are various groups fighting for the privilege of doing it, or (2) are groups trying to palm the job off on each other?

If, by any chance, something along the latter line is the reason, I have a suggestion. A suggestion that would give the people who used their mouths and money to put the pole and flag there an opportunity to use their hearts and hands. Why could not 363 persons volunteer one day of each year to do the honors. I say 363 because my husband, Ronald Levy, and myself and now each volunteer a day. My husband, you may or may not recall, made quite a point of objecting to the idea of the pole and flag because he felt that there were more American things to do with the money. But since enough people felt (or said and paid, anyway) that it was a good undertaking, we both feel it is only democratic now to do our part, if there is trouble about getting the flag up and down "properly."

You say "properly." I hope—surely you must—mean the proper inner respect and feeling involved in the task. The ritual of "proper" folds and "proper" hoists cannot be as vital as the meaning behind the symbol. If each person each day performs the raising and lowering with sincere and thoughtful intent within his heart, the task will be done "properly."

Sincerely,  
TRUDY LEVY.

## Joint Installation of New Officers

Harry L. Embree Post No. 3208 VFW  
At a very impressive joint installation, new officers of the Harry L. Embree Post No. 3208 of the Veterans of Foreign Wars were installed Wednesday evening, May 15 at the local clubhouse 40 E. Montecito. The new officers will become active on July 1, 1963.

Installation was under direction of the Sixth District Drill Teams with Selma Jenkins District President as the installing officer for the auxiliary, and Charles G. Jenkins, Commander of the Sixth District as the installing officer for the Post. As the drill team executed their ceremony, Mary Olson was escorted to her station, following was the senior vice president Inez Allardice; Florence Todhunter; treasurer, Dorothy Kennedy; chaplain, Hendricke Van Iersel; Orellia Henderson, patriotic instructor; Barbara Hensley, conductress; Marcella Colbert, musician; Marie Perkins, guard; Marcella Colbert and Marie Perkins, trustees. Incoming officers were then given their obligation and instructions, and informed that they would take active office on July 1, 1963. The incoming president then presented Dorothy Underwood, outgoing president with her past-president's pin and made her pledge for the coming year. President Dorothy Underwood then presented Selma Jenkins, installing officer a gift in their appreciation and guest and dignitaries were introduced and the drill team retired the colors and the ceremony was recessed for the Post installation.

The Santa Anita Church Day School, 226 W. Colorado Blvd., Arcadia, is presenting a four-week Special Summer Session for children from five through eight years of age June 17 through July 12. This enrichment program will feature the Mae Carden Method of comprehension, language and phonetic reading. Spanish, including dances and rhythms, together with music and art, are added avenues through which a child may grow into greater creative expression. The spiritual training program presented daily by Dr. Barnhart, administrator of the school, is the firm foundation upon which the program is built.

If you desire your child to have the advantages of this Summer Session please call Dr. Barnhart, HI 6-8206, or sign for enrollment at the school. Vacancies for enrollment are very few.

The Santa Anita Church Day School is a Christian school, meeting all the requirements of the Department of Education of the State of California. Room enrollment is kept at the maximum of 20 children. This small room enrollment, together with the fact that the school is ungraded, affords the opportunity for individual attention and permits the child to progress at the rate of his own ability. The 1963-64 school term beginning in September provides for children from kindergarten through the sixth grade. The school is staffed by accredited public school teachers.

Applications for admission are now being taken for the fall term. Please call HI 6-8206 for further information.

## Creative Arts New Workshop

Trying out new ideas and new ways of using old forms will continue to challenge Creative Arts Group members during the coming season at 37 E. Montecito in Sierra Madre. The recorder workshop which was introduced this spring begins a new program on Wednesday, May 22, which will include advanced musicians in addition to the beginning and intermediate students. Teenagers who are serious musicians may enroll, according to Gloria Ramsey and Shirley Marcus, the West's leading exponents of recorder playing who direct this workshop. The other summer workshops run from June 17 to July 26.

Marvin Brody will lead the newest workshop for teenagers with his Teen Drama on Tuesday nights beginning June 18 and running through July. Pantomime, improvisations and experimenting in other dramatic techniques will lead toward a workshop production at the end of the session.

The newest summer workshop for adults will be metal sculpture using welding techniques and wood and stone carving. Directed by John Olt of Sierra Madre, this activity will be open to those 17 and older on Tuesday and Thursday evenings.

Children this summer will have the opportunity for the first time to work under Howard Whalen in Clay Sculpture. On Friday mornings boys and girls aged eight through 14 will be divided into two groups, according to age to study elementary techniques of sculpture and experiment with their own designs. In all, 12 workshops of various kinds are being offered at the Creative Arts Group this summer.

## Bible Lesson Body and Soul Sunday, May 26

The nature of man's ego will be explored this Sunday at First Church of Christ, Scientist, Sierra Madre, in a Bible Lesson entitled, "Soul and Body."

Responsive reading by the congregation will open with this verse: "My soul shall make her boast in the Lord: the humble shall hear thereof, and be glad" (Ps. 34:2). Included in the related readings will be these lines: "The one Ego, the one Mind or Spirit called God, is infinite individuality, which supplies all form and comeliness and which reflects reality and divinity in individual spiritual man and things" ("Science and Health with Key to the Scriptures" by Mary Baker Eddy p. 281).

## Sierra Madre PTA Carnival Time Saturday, May 25

It is carnival time again! The Sierra Madre PTA will have its spring carnival Saturday, May 25 on the playground of the Sierra Madre school from noon until 6 p.m.

Many game booths have been planned including baseball throw, darts, fishing, buried treasure, fish bowl toss and make-up. Goodies galore will be available from the pastry booths — home made cakes, pies and cookies and a special fudge booth. For those with heartier appetites the Cub Scouts will again have their delicious hamburgers and hot dogs. The Campfire Girls — doughnuts and coffee. There will also be soft drinks, ice cream, snow cones, cotton candy and popcorn.

"The lady with the pockets" will circulate with her pockets full of ??? You won't know until you reach in. The white elephant booth will be full of bargains as usual. Mrs. Hugh Warden is in charge of this and may be reached at EL 5-9762 for donations.

The "PEEP Show" will be one of the main attractions and has been in preparation for weeks under the supervision of Mrs. James Densmore working with the Pasadena art department.

There will be ponies to ride and wild west stage coach for the young cow hands.

## Educational Class Scheduled Mothers-To-Be

Starting on Wednesday morning, from 9:15 a.m. to 11:15 a.m., June 5, a class for expectant mothers will be conducted at 533 W. Montecito Ave., for the San Gabriel Valley area. Instruction for child-bearing involves intellectual, emotional, and physical preparation. The woman accepting the responsibility of self-control, study, and exercise in order to be equipped for her labor and delivery is more apt to be poised and confident. As a result she may have a shorter labor and make a more rapid and complete recovery.

The Childbirth Education Program under the American Institute of Family Relations is in three parts with the first two combined: Mothercraft — a series of ten weekly discussions covering pertinent topics for the mother-to-be; Childbirth Training — ten weekly periods of individual instruction and exercises in the muscular conditioning techniques, relaxation and breathing methods for pregnant women; Parentcraft — for evening lectures especially designed for the expectant mother and her husband.

## Bethany Lutheran Anniversary

Bethany Lutheran will celebrate the second anniversary of the new sanctuary, social hall, and educational facilities at the 11 o'clock worship service. The theme for the anniversary sermon will be, "No Joy Is Complete Unless It Is Shared."

Rev. Niels Carlsen, the pastor, announces it will also be guest Sunday, and every member is encouraged to bring a guest. Following the worship service coffee will be served on the patio.

The Lutheran League of Bethany will attend a youth rally at St. Andrew's Lutheran Church, Whittier on Sunday afternoon. Approximately 700 youth are expected to attend the rally.

Other chairmen include Mrs. Roger Peterson, publicity; Mrs. Alan Pulsifer, historian; Mrs. Richard Esbensen, placement; Mrs. Gene Rode, program; Mrs. Wells Pleas, party, and Mmes John Goodlad and Kenneth Holloway, bridge. Also serving on the board in an advisory capacity will be Mrs. Alan Stearns and Mrs. Darrell Wright.

The annual dinner-dance sponsored by the Guild will be held again this year at the Stuart Building on September 21. Guild members, as well as members of the Pasadena workshop, Las Sequitas, also operate the Bargain Cottage in Sierra Madre. All profits go to an annual check given to the Cystic Fibrosis research program at Children's Hospital.

## Barrison Laid To Rest On Thurs., May 23

Kreber of San Diego; a son, Alvan E., of Portland, Oregon; 12 grandchildren, and 7 great grandchildren, and a sister Mrs. Thelma Johnson, of Valley City, N.D.

## Commission Clears

torney will present a proposed ordinance regulating this particular problem.

The planning commission's meeting was adjourned. The next meeting will be held June 30, when as always the public is invited to attend.

## Conference

tended by as many officers as can arrange to go and the project is to set up workshops to help with the nine phases of the organization.

## Stubborn Publisher

This, I figured, was just his way of getting someone else to do it. So I called him a "stubborn Kansan." I told him that just because his father, R. Kenneth Evans, had served as an editor on the staffs of the Wichita Eagle, the Kansas City Star and the Los Angeles Times was no excuse for taking a modest attitude.

But after he reminded me that I was born in Topeka there was no way out of it. These Kansans can be real stubborn.

## License Fees Returned To City

The city of Sierra Madre has received \$597 as its six-month share of the fees paid by holders of alcoholic beverage licenses.

The payment was made by the state department of alcoholic beverage control which allocates 90 percent of all license fee money back to individual cities and counties to be used for

the many branches of services offered by local governments. The remaining 10 percent goes into the state general fund.

The most recent payment was for the six-month period ending Feb. 28, 1963. Los Angeles County as a whole, including unincorporated areas, received \$2,087,450 for the period.

## On the Razor's Edge

The nations and peoples of the world stand on the razor's edge.

It is now known that there has been a tremendous increase in this country's nuclear capabilities — which means the ability to blow up practically everything on earth. A single nuclear submarine, of the new advanced design, carries more explosive power in her warheads than was unleashed in all of World War II.

It must be assumed that the Soviets have made comparable progress — if "progress" is the proper word to apply in this connection.

Extraordinarily elaborate protections have been taken to guard against the use of the ultimate weapons because of faulty intelligence, accident, or human aberration and strain. The Soviets, without doubt, have done the same thing. Yet nothing is perfect, nothing can be totally depended upon to perform as ordered and wished under any and all conditions.

The goal of disarmament looks far away. Yet, certainly, it must be the goal of all people everywhere. The money, the energy, the resources, that are spent on weapons of unbelievable destructive power, if applied to useful ends, would create an infinitely better world. And, most important of all, it would remove that terrible question: "Will someone push the wrong button?"

## Where's the 'Crisis'?

We hear a great deal about an alleged "crisis in education." The Chamber of Commerce of the United States provides some interesting statistical facts in this connection.

1. We now spend about 6 per cent of our national income on schools, as compared with 2.2 per cent in 1913.

2. We are building 70,000 classrooms a year — and at this rate we will build 100,000 more classrooms during this decade that even the supporters of federal aid say will be needed.

3. Some 70 per cent of our youths complete high school, half go to college, most graduate.

No one, including the Chamber, claims that perfection has been reached. There are flaws in the educational system, of assorted kinds, but the tendency is to magnify them out of all proportion to their significance. As the Chamber puts the case, "No other nation on earth ever has pursued education so successfully as ours, and none has prospect of doing so."

Federal "aid" (control) for education is just one step more on the road to federal control of production, manufacturing and distribution — planned bureaucratic control of the individual, from the cradle to the grave. You see it on every side in farming, housing, medicine, power production, steel production, etc.

## Plug This Hole!

One of this year's prolonged debates concerns tax revision and tax reform.

A highlight of that debates deals with what are called, often loosely, "tax loopholes."

The problem here seems to be one of definition.

Just what is a real loophole that needs plugging?

One huge loophole, and one which puts private enterprise at a competitive disadvantage, is the loophole which federally-owned power projects and the Rural Electrification Administration Co-ops enjoy.

They escape all Federal taxes, and either are exempt from all other taxes or enjoy preferred treatment.

There may have been some slight excuse for tax-exemption of REA Co-ops when they were started years ago. The idea was to provide as quickly as possible electric power to bring up the standard of living on back-lane, isolated farms.

But 95 per cent of our nation's farms reportedly have access to electric lines today, and the co-ops are now going into industrial and urban fields already supplied with power, fields which they were not intended to serve.

What is fair about that?

It's not hard to imagine the shrieks and howls of outrage which would go up from taxing authorities if investor-owned electric companies asked for tax-exemption so that they could reduce rates to meet this unfair competition.

If Congress really wants to plug tax loopholes, a good place to start would be eliminating tax-exemption privileges of "cut-rate" power systems.

## The 'Pocketbook' Vote

The lead editorial in a recent issue of the New York Times Western Edition deals with the tax and fiscal problems currently in the limelight in New York State. And it has a national significance — for the situation there also exists, in varying degree, throughout the country.

The editorial's point is that groups of taxpayers, with special interests at heart, want more and more benefits, which means more and more spending — but don't want to pony up the taxes which are needed to meet the bills. So we have what the Times calls "... the 'pocketbook vote,' which calls constantly for better schools, a bigger state university, better highways, and then runs the other way when money has to be found ..."

If the public wants all of these things, and the many more that could be listed, and is willing to pay for them, that is its right. But the widespread public desire to have its cake and eat it too — that is, to get something for nothing — tates up to a disgraceful electoral irresponsibility. It is time that the voters, in far greater numbers than is presently the case, face up to that plain and inescapable and eternal fiscal fact of life.

## Freedom At Any Price

by Henry V. Witty

In less than three decades our country's free enterprise society has passed through creeping government control to a point at which the stepped up tempo is best described as galloping Socialism.

The sum total of all events and actions taken by the people and their representatives would present a crystal clear picture of a nation headed toward fiscal insolvency and total Socialism.

The reporting of all events and actions which have transpired within the past 30 years is obviously an impossible task within the space of this column, but the following is a representative presentation of the recent past as described by G. A. Sheppard in the May edition of The Freedom Club Bulletin.

"President Kennedy commuted the sentence of convicted Communist Junius Scales.  
"Ben Belle of Algeria visited President Kennedy, Castro, Secretary of State Rusk, U. Thant, and then returned home to communize the land by seizure of private property.

"The King of Jordan showed the United States backs subversives (Communist take-over of countries) and then, weeks later the King's government was forcibly overthrown by leftists.  
"The King of Morocco was invited by our President to visit the United States and was given a royal welcome and time. His claim to fame just prior to this he threw us out of his country and placed the Russians in occupation of one of the huge bases we built.  
"The U.S. Government criticized the Guatemalan government. It was overthrown. The U.S. Government did not recognize the new Guatemala Government until it is alleged that the present regime arranged for the return to Guatemala of the Communist leader, Arevalo.  
"Communists are engulfing Laos, where the United States demanded and dictated a plan of 'neutrality' dominated of course by the Communists.  
"Du Pont radio and T.V. award went to Howard K. Smith, the same commentator who placed convicted Alger Hiss before the country via T.V.  
"Dr. Charles E. Smith of the Federal Bureau of Prisons is accused of rendering a mental examination based on newspaper reports, wherein the person is later confined. The citizen, General Edwin Walker.  
"Our leading nuclear bomb scientist and escapee from Communism, Edward Teller, warned against an Atomic test ban agreement with Russia. Democratic Senator Dodd agreed. Dean Rusk said U.S. must take risks on A-Ban, and accept less than might be judged safe for our interests. (When Alger Hiss resigned from the State Department, to become Director of the Carnegie Endowment for International Peace, Dean Acheson recommended Dean Rusk to take Hiss' place as Director of the Office of Special Political Affairs.)  
"A Communist governor—Araes — was elected in Brazil. Brazilian governor, Cleofas, alleged the Communists run his state. The U.S. admitted communist infiltration in the Brazilian government. President Kennedy through the State Department, committed 400 million dollars of aid to Brazil. Brazil and Russia then signed a 5 year treaty where Russian 'technicians' can come in. Sound familiar?  
"Democratic Senators Lausche and Russell, after hearings on the subject criticized Rusk and the President on our Cuban appeasement. They believe over 100 Mig fighters, 17,000 Communist soldiers, tanks, anti-aircraft missiles, and submarine facilities are offensive to the United States.  
"Russian planes located and flew over the aircraft carriers Constellation, Forrestal, Enterprise, and Princeton, some 2,000 miles from Russian soil. They made practice bombing runs. We did nothing. How did they know where to intercept these ships, which are smaller in the ocean than needles in a haystack.  
"Senator Fulbright investigated charges of lobbying for anti-communist Philippine legislation, but never an investigation about who lobbied for Poland, Brazil, Yugoslavia, British Guiana,

United Nations, Indonesia, Cuba, etc.

"Congressman James Utt said in two years a majority of the American citizens will want the U.S. out of the U.N.; Roman Catholic Bishop Edvard Koleschewsky alleged, with proof that United Nations representatives acted like vandals. The U.N. waged war. Khrushchev's son-in-law visited the Pope. The Pope later glorified the U.N. as a proper place for safeguarding the peace. U. Thant congratulated the Pope. Gus Hall, head of the American Communist Party, complimented the Pope on this action.  
"Captain Eddie Rickenbacker, a staunch anti-communist, proposed merger of Eastern and American Air Lines — Denied, said our government. Cyrus Eaton, staunch leftist — a self-admitted admirer of Khrushchev — proposed merger of Chesapeake and Ohio and Baltimore railroads — Approved, said our government.  
"The Communists have directed all their forces and adherents to use the word 'extremism' when talking of any anti-Communist person or movement, so as to create a smear campaign. Think back over the past three weeks as to who has used the term. A governor, a senator and a member of the U.S. Supreme Court!"  
May God grant all of us the power to remain alert and active!

By Eloise Parker

1920 - 1921

October 20, 1920  
A meeting of the PTA was held the afternoon of Oct. 20 in the Kindergarten rooms, the president, Mrs. Wood, presiding. The minutes of the previous meeting were read and approved. Mr. Reynolds introduced Mr. Green from the Curtis Publishing Co., Philadelphia, who presented a plan whereby the children of the school might earn a moving picture machine by getting 250 subscriptions to the Country Gentleman for one year, or renewals for same next year to be counted also, 500 subscriptions in all paying for the machine.  
A short discussion was held—then a rising vote taken which carried unanimously for the children working for it.  
The count of the mothers and friends was taken: Kindergarten 14; 1st grade A's, 7; B's, 8; 2nd grade, 8; 3rd grade, 17; 4th grade, 14; 5th grade, 17; 6th grade, 15; 7th grade, 6; 8th grade, 12. The 5th grade, having the largest percentage, will keep the picture a month.  
Mrs. J. N. Hawks gave a solo, "For de Ole March Wind," and responded to the applause with an encore.  
Mr. Reynolds gave a short talk on the 6th Amendment and a general discussion was held.  
The speaker of the afternoon then arrived and spoke for Amendment 6. The meeting then adjourned and a social half hour spent, tea and wafers being served by the officers of the PTA—Anita E. Gregory, Secretary.

The count of parents and friends was as follows: Kindergarten, 16; 1st grade A's, 10; B's, 13; 2nd grade 9; 3rd grade, 14; 4th grade, 19; 5th grade, 13; 6th grade, 7; 7th grade, 14, and 8th grade 10; the Kindergarten having the largest percentage.  
Mrs. Leonard of the Domestic Science had a surprisingly good showing of hats made by the 7th and 8th grade girls.  
A suggestion was made as to some change program. The meeting then adjourned, a social half hour being spent with Mrs. Hull, Mrs. Anderson and Mrs. McTavish serving cake and tea.—Ethel M. Henderson, secretary pro tem.

## LOURNOY REPORT

by Assemblyman  
Houston I. Lournoy  
49TH ASSEMBLY DISTRICT

One of the few measures of the Governor's program which has successfully passed the Assembly is a proposal aimed at prohibiting discrimination in housing.

Assembly Bill 1240, which passed on April 25 by a 47-26 vote, would make major changes in the current law.

Two years ago I voted in favor of a similar measure. This year, however, because of the far broader scope of the proposal, I stood in opposition.

Let's look at the changes this bill would bring about. Under the present law "publicly assisted housing," as it applies to the great bulk of property owners, is defined as housing where the financing is insured by the federal or state government; however, it should be emphasized the law applies only in the case of rental housing of three or more units, or to the sale of five or more contiguous housing units. The Hawkins Act totally exempts single family owner-occupied residences as well as duplexes whose only source of "public assistance" is a governmental insured loan.

AB 1240, as it passed the Assembly, extended this definition to include any owner-occupied single family residence supported by FHA or GI loans, or whose owner took advantage of the veterans property tax exemption.

For instance, any person whose home falls within the above categories could be brought before the Fair Employment Practices Commission if he sought to rent his house or a room in his home and a prospective renter felt he was refused the house or room because of

his race, color or creed. The same is true in the case of a property sale.

This radical change in the proposal would potentially affect millions of Californians not affected by existing laws. It would require a tremendous sum of money for enforcement if, indeed, general and uniform enforcement were contemplated at all.

While I have wholeheartedly supported efforts to eliminate discrimination in housing, and will continue to do so, I feel an equal conviction that there must be some reasonable progression in our efforts.

The elimination of discrimination in housing is not going to be brought about overnight through the enactment of sweeping, all-inclusive prohibitions. By concentrating initially on owners of multiple units as has been proposed in other bills, the first step in eliminating discrimination could be taken with widespread effectiveness and a minimal enforcement problem.

In my judgment, the all-embracing nature of AB 1240 is hopelessly impractical and undesirable at this time. It would only confuse and undermine the very reform it is intended to bring about.

### Worried?

The papers are full of what cigarettes and cancer will do to you, but not a word on whiskey and automobiles — or tranquilizers and "deep sleep." As a matter of fact, I get so worried about my little bad habits that many a time I'm tempted to call the coroner's office to ask him what his statistics show before I try a canned tuna or a miracle drug . . . There's so many things to worry about that I hardly have time to work anymore.

Their selections will include "America, the Beautiful," a special arrangement of the "Battle Hymn of the Republic," "Almighty God of Our Fathers," and a benediction, Pax Dei.

Immediately following the program in Hillside Church, representatives of the participating organizations will place wreaths on the Civil War Monument in the Memorial Court of Honor near the church.

## Vella Views

By  
Toni Maurin  
SYcamore 7-9634

I've just had spring fever so bad this year I can hardly stand it. Matter of fact, my family can hardly stand it too. I have redecorated the house (on paper that is) at least five different ways, considered selling it, and even mentally redesigned the whole garden. I've cleaned and routed out closets, and still I can't settle down to my nice old slovenly and bovine ways. My husband decided there was just one thing to do to tide me through what the group terms as "mother's difficult time," take me traveling, and that is precisely the right answer. I just get another seizure and away we go.

This is all leading up to the fact that we spent last weekend in San Francisco with Vera and Dr. Clete Dorsy.

Now there is a town. I don't know why, but that place just stirs my imagination. I can go back in time and recreate all of the days of the gold rush. The place reeks with atmosphere and I love every bit of it.

I don't even mind having to starve myself for the overindulgence in their culinary masterpieces. I'm not sure whether their restaurants are particularly good, or if it's because we were in a receptive mood, but, oh, well, it was worth it, and lettuce is really quite tasty if you imagine it is Charcoal Broiled Medallion of Beef with Wild Rice!

We weren't the only ones in the airborne of late. There were several of our hillites that made the sojourn to Las Vegas, both by air and auto.

Over there for three days were Mr. and Mrs. George Sanders of Old House Road and their friend, Mr. and Mrs. Kenneth Anderson of Arcadia.

Phyl and Charlie Hardison flew to Las Vegas with Nancy Rode to meet Gene, along with Fran and Gordon Wright, Carmen and Robert Farmer, Pat and Bill Olson, and Loie and Tony Boland. From all reports on their trip they really rocked the town. They stayed in three separate hotels. I asked if it was to dilute the crowd, but there was really a good reason. They were able to get reservations for more shows that way. They didn't miss any that they had planned on seeing, and Nancy said, when all was over they didn't have that long drive home. Beautiful weather. (You know they forgot to mention if they won or not???)

The Roy Hoffmans of Cricklewood Path took off for a Palm Springs weekend with the Dean B. Clarys of Kenneloa Canyon Road. The Clarys have a trailer down there all of the time. They too hit ideal weather for the weekend.

Last Thursday morning Mrs. Arthur R. Laufer of Sierra Madre Villa gave a Koffee Klatch to introduce Mrs. David E. (Polly) St. John to some of the local residents. You may recall the St. John's bought the former Paschall residence on the boulevard and have only recently moved in.

Those invited were Mrs. Matthew Slavin, Mrs. Charles Goldworthy, Mrs. L. G. Farmer, Mrs. Loye J. Smith, Mrs. Olin Tucker, Mrs. Kenneth Gardiner, Mrs. John Fincke, Mrs. Gilbert Olsen, Mrs. Gerald Friederici, Mrs. Lou Garland, Mrs. George Sander, Mrs. Sam I. Joseph, Mrs. Norman White, Mrs. Skipper Rostker, Mrs. Joseph Mangan.

Also Mrs. Joseph Phelps, Mrs. C. Tom Crawford, Mrs. C. L. Schuster, Mrs. Kenneth Koch, Mrs. John Griffith, Mrs. Robert R. Griswold, Mrs. Keirn Zebb, Mrs. Robert Brydolf, Mrs. Aikman Arm-

## Sierra Mesa Plans Final Assembly

Mothers' Day was celebrated in the kindergarten with the annual party. Self-portrait place mats were made by the pupils for their mothers and highlights of the program, planned by the children, were "Peter, Peter Penguin Rhythm" and the dancing of the maypole. Miss Frances Kubik's afternoon pupils made cookies at school for the celebration. This affair is the favorite party of the year, according to Mrs. John Pascoe, full day teacher.

At an assembly, at 9 a.m. on Friday, May 24, the orchestra, under the direction of Mrs. Janitta Keck, will present a concert followed by the presentation of certificates for school service, of recreation awards by Mr. Jon Marks of the Recreation Department, and of physical fitness by Mr. Robert Crumley, representative of the Rotary Club of Pasadena.

The final assembly of the year is being planned by the sixth grade for the last day of school, June 13, at 9 a.m. under the guidance of Mrs. Forest Wise and Miss Majorie Carr. All performers will be members of the class.

A combined slide and jungle gym has been installed on the kindergarten playground. Bars, a horizontal ladder and soccer goals are new in the upper yard.

About 50 children are pre-registered for kindergarten for next fall. In order to help the school make plans for next year, any parents who have children not enrolled should come to the school to sign up as soon as possible, according to Miss Betty Newton, principal.

Mrs. Eugene Baird, teacher of the third grade, entertained at a tea to honor Miss Nancy Stewart, who is her student teacher from L.A. State College and who will be a June bride. Staff members who have worked closely with Miss Stewart were guests and presented Miss Stewart with a gift for her future home.
